

Blinds Management

Decoupling relay

For blinds control in case more than one motor should be connected to a mechanical switch/push-button or a motor control insert. The relay is designed for two drives.

Technical data

Rated voltage: AC 230 V ~, 50 Hz

Control: AC 230 V ~, 50 Hz

Switching capacity: 4 A, AC 230 V ~

$\cos \phi \geq 0.8$ ind.

Duty cycle: 100 %

Protection level: IP 44

Manufacturer: JUNG

Ref.-no.: TR-S
